PROBIOTEC

Since more than 20 years PROBIOTEC is operating as a group and supplier-independent engineering- and consulting-company. With more than 20 salaried employees, they come with a well-rehearsed team preparing solutions of any kind and doing targeted and holistic consulting. Regarding to its own high requirements according to quality, reliability and flexibility, PROBIOTEC offers maximum effectiveness.

PROBIOTEC represents the compatibility from economic and ecologic needs through targeted environmental consulting with the key activities on emission prognoses and remediation of brownfield sites.
